UNIVERSITY OF THESSALY

FACULTY OF NURSING

## DESCRIPTION

The Faculty of Nursing at the University of Thessaly, located in Gaiopolis, Larissa, is one of the nine homonymous Departments operating in Greece.

The Department aims to prepare nurses to provide high-quality nursing health care and protect the health outcomes of a group of individuals and populations, considering everyone's differences in physical, mental, cognitive, spiritual, social, economic, and cultural characteristics.

The nursing degree from the Faculty of Nursing at the University of Thessaly provides graduates:

With a high level of theoretical knowledge and clinical skills necessary for the practice of Nursing science

Who are skilled professionals, able to work effectively at all levels of health care (Primary, Secondary and Tertiary Health Care),

Who can continue their professional development with the continuous enrichment and updating of both theoretical knowledge and clinical skills and practices through the critical approach of daily clinical practice and the continuous learning process,

Who are seeking the development of Nursing Science at the optimal clinical, research and educational level.

## LABORATORIES

1. In the Nursing Department of the University of Thessaly, there are (4) four educational and research Laboratories.

**1. Laboratory of Respiratory System Disorders** (Government Gazette 3892 / B' / 14-09-2020, Director: Associate Professor Ms. Foteini Malli <https://www.nurs.uth.gr/en/malli>). This Laboratory serves the educational, consulting and research needs in the broader field of respiratory diseases and Pulmonology. The Laboratory operates the individual special units:

1. Respiratory-Oxygen Therapy-Non-invasive mechanical ventilation functional control unit.
2. Pulmonary Embolization Unit.

**2. Community Nursing Laboratory** (Government Gazette 1158 / B' / 26-03-2021, Director: Associate Professor Ms. Ioanna V. Papathanassiou <https://www.nurs.uth.gr/en/papathanasiou>). This Laboratory serves the educational and research needs of the Department of Nursing in the field of Community Nursing. The Laboratory consists of the special units:

1. Home Nursing Care Unit
2. School Nursing Unit
3. Social Psychiatric Nursing Unit
4. Health Education and Promotion Unit

**3. Laboratory of Training & Research in Trauma Care & Patient Safety** (Government Gazette 1158 / B' / 26-03-2021 and Government Gazette 1523 / B' / 15-04-2021, Director: Associate Professor Ms. Maria Malliarou). <https://www.nurs.uth.gr/en/malliarou>

The Laboratory serves the educational and research needs in terms of trauma care and patient safety.

**4. Laboratory of Public Health - Adult Immunization** (Government Gazette 4024 / B' / 21-09-2020, Director: Assistant Professor Mr. Dimitrios Papagiannis <https://www.nurs.uth.gr/en/papagiannis>). The Laboratory serves the educational and research needs in terms of Public Health, Primary Prevention, Immunization of the community of special groups of adults and professional groups of workers, as implemented by the National Vaccination Program (adults, diabetics, patients with diabetes, lung diseases, roma, students of health professions, workers in health structures, vaccines of travel medicine).
